

# AI THAT SIMPLIFIES YOUR NETWORK

AI-native networking that’s simple to deploy, secure, and scalable for your growing business

## Why HPE Mist for small and mid-sized businesses

HPE Mist delivers effortless AI-native networking management, proactive issue resolution, and a security-first foundation that scales with your business.

Key benefits at a glance: simple to deploy, easy to manage, stronger security, affordable to scale.

## Why it matters to your business

**Secure, high-performing Wi-Fi:**  
Reduce risk and avoid slowdowns and dead zones.

**Less hassle:** With a self-driving network, you call IT less and resolve problems faster when they do occur.

**Easy to deploy and manage:**  
No spreadsheets, no truck rolls

**Saves time and money:**  
Less downtime, more productivity

**Better user experience:**  
Guests and employees connect seamlessly

## Your smart network essentials

### Juniper AP24

Perfect for small offices or workspaces. Provides dual-band, reliable Wi-Fi 6E and uses AI to optimize wireless coverage and device connectivity.

### Juniper AP36

Great for diverse environments that support many device types. With tri-band Wi-Fi 7 and a dedicated scanning radio, better indoor coverage is done the easy way.

### Juniper AP64

An Outdoor access point to weather it all. Provides long-reaching Wi-Fi 6E that integrates AI for AX, automating the network and boosting wireless performance.

### Juniper EX4000 Switch Series

Connect your Wi-Fi access points and devices securely with multiple options including multi-Gigabit ports, 10GbE uplink ports, and 802.1X port security.
