

ASUS NUC products are ready!

ASUS NUC 14 Pro

ASUS NUC 14 Pro+

ASUS NUC 13 Pro

ASUS NUC products are ready! The new NUC 14Pro & 14 Pro+ ultracompact PC offers superior performance that bests all other competitive mini-PCs. It features an eye-catching compact design with a dynamic cooling system that is whisper quiet.

ASUS NUC 14 Pro & 14 Pro+ delivers best-in-class performance thanks to the all-new Intel® Core™ Ultra processor family. With certified Bluetooth® dongle-free connectivity and three AI engines for high throughput, low power, and fast response, ASUS NUC delivers robust computing capabilities.

*Delivers best-in-class performance among comparable mini-PC offerings.

Compact

ASUS NUCs are compact, less-than one-liter chassis take up minimal space on a desk or workstation. With fewer materials, less packaging, and less warehousing, they save space and energy, and promote sustainability.

Connected & Customizable

ASUS NUC 14 Pro/Pro+ provide comprehensive connectivity with multiple ports to support quad 4K displays and more. With a VESA mounting plate included and toolless chassis for easy upgrades.

Powerful

Configured and tuned for optimal performance. ASUS NUC 14 Pro/Pro+ come equipped with the latest Intel® Core™ Ultra processors*, Intel® Arc™ GPU*, and Intel® AI Boost* (Intel's newest NPU) to meet all compute needs.

Quality & Reliability

With a full suite of x-ray, dye and pull, and cross section examinations, in addition to electrical testing, ASUS NUCs are qualified for 24X7 operation.
