Introducing Magic Create

The future of digital signage is here, and it's AI powered. Mandoe's Magic Create is designed to simplify how you create engaging digital signage content. Make designs for any industry in seconds.

Effortless Content Creation

No design skills? No problem! Our AI-powered tool generates professional-quality digital signage content with a Simple prompt.

Tailored Designs

Within one prompt, hundreds of templates are at your fingertips. You will have custom-made promotional and menu board designs for your business.

Time-Saving Efficiency

With our AI tool, you can produce stunning digital signage within minutes. This means more time to focus on what really matters.

User-Friendly

Mandoe's Magic Create offers the ultimate intuitive experience. Simply enter your prompt, select a design, make any tweaks and push to your displays.

Easily create & manage beautiful digital signage

Mandoe makes it easy to create beautiful digital signage and show it on your screen.

All with our Content Studio

It has never been easier to create professional level video content with Mandoe Studio. With template automation, you can make custom content for any business in seconds.

Create beautiful, impactful signage

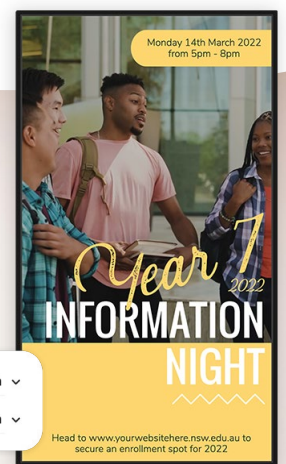

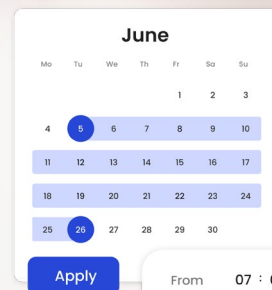

Mandoe's drag and drop signage builder makes it easy for anyone to create beautiful, impactful signage.

Personalise your signage by adding your own text and images or choosing from our library of thousands of stock images, icons, graphics + more.

Advanced Scheduling

The advanced scheduling tool allows for complete control over when and where your content plays. Have complete flexibility & add multiple rule sets to any piece of content.

- Date Range
- Time of Day
- Day of the week
- Months

Intuitive + flexible management

Using the powerful tagging system, you can group displays and control scheduling of specific content for specific displays.

- Full control of displays & Tags
- Screens, Locations, Category tags.
- Create hierarchy with nested tags.
